Portfolio 

ACADEMIC DETAILS

Year	Degree/Exam	Institute	SGPA / %
2022 - present	B.Tech in Computer Science	Graphic Era Hill University, Dehradun	8.10/10.00
2021	XII	G.I.S , Haldwani	85.00 %
2019	X	G.I.S , Haldwani	88.00 %

PROJECTS

- **TradeX**  | (April 2025 - May 2025) *React.js, JavaScript, Node.js, Express.js, MongoDB*
 - Built TradeX, a full-stack stock trading platform where users can easily register, authenticate, and securely manage their trading activities.
 - Created a user-friendly dashboard with React.js, focusing on UI/UX design to help users easily track their trades and stock performance.
- **Wanderlust**  | (Feb 2025 - April 2025) *HTML, CSS, JavaScript, Node.js, Express.js, MongoDB*
 - Developed a full-stack web application where users can sign up, log in, and list stays.
 - Implemented authentication and route protection using Passport.js so only logged-in users can access certain pages or perform actions.
 - Used MongoDB to store user, listing, and review data, and handled basic validation, errors, and all CRUD operations.
- **Weather Tracker**  | (Feb 2025 - Mar 2025) *React.js, Material UI*
 - Developed a weather app using React.js that fetches live weather data from a public API based on the city entered by the user.
 - Used Material UI to create a simple and responsive layout showing temperature, humidity, wind speed, and weather conditions.
- **Chat with multiple PDFs**  | (Nov 2024 - Dec 2024) *Python, Streamlit*
 - Built a chat app that lets users ask questions based on the content of multiple PDF files in real time.
 - Used LangChain to handle PDF reading and searching with text embeddings, and made the UI using Streamlit for easy interaction.

TECHNICAL SKILLS

- **Languages:** C, C++, Python, JavaScript, SQL.
- **Web Technologies:** HTML, CSS, RESTful APIs, MySQL, MongoDB.
- **Frameworks & Libraries:** React.js, Node.js, Express.js, Bootstrap, Tailwind CSS.
- **Tools & Platforms:** Git, GitHub, VS Code, Postman, Git Bash.

ACHIEVEMENTS

- Earned a certificate in Cybersecurity, focusing on Tools, Techniques, and Countermeasures, through the SWAYAM platform (June 2024)
- Solved 600+ problems across LeetCode, GfG, and Codeforces

STRENGTHS

- Consistency.
- Time Management.
- Teamwork

RELEVANT COURSES

- Data Structures.
- Algorithms Analysis.
- Operating Systems.
- Database Management Systems.
- Object-oriented design.

EXTRACURRICULAR

- **Class Representative:** Served as Class Representative during the 4th semester of my B.Tech, where I helped manage communication between students and teachers.
- **Guided Peer Learning-(DSA):** I guided juniors on core DSA concepts and helped them improve their coding skills through hands-on practice and group discussions in a peer-learning environment.
